Supplementary Fig. S1 Construction of nursing narrative signature metrics.

Supplementary Fig. S2 Extraction of ICNP concepts from nursing narratives. Different colors represent whether associated nursing narratives for a given concept are frequently shown in case (red), or control (green), or in both groups (yellow). ICNP, International Classification for Nursing Practice.
Supplementary Fig. S3 Word clouds of ICNP concepts from top 32 differential nursing narratives. Different colors represent whether the associated nursing narratives for the given concept are more frequently observed in case (red), or control (green), or in both groups (yellow). ICNP, International Classification for Nursing Practice.
