ERRATUM

Correction: Neuroprotective Effects of Dammarane-Type Saponins from *Panax notoginseng* on Glutamate-Induced Cell Damage in PC12 Cells

In the above-mentioned article, ▶ Fig. 2 was published wrong. Correct is:

▶ Fig. 2 Effects of compounds 1–9 in glutamate-treated PC12 cells. A Effects of compounds 1–9 on glutamate-induced cell damage in PC12 cells. B Effects of compound 4 on the endogenous ROS levels in glutamate-treated PC12 cells were evaluated by DCFH-DA staining. Scale bar: 100 µm. C Quantitative analysis of fluorescence intensity as an indication of ROS levels in glutamate-treated PC12 cells. Results were obtained from three independent experiments and are expressed as the mean ± SEM (##p < 0.01 vs. control group, **p < 0.01 vs. glutamate-treated cells, *p < 0.05 vs. glutamate-treated cells).
