Future Schools

▶ In collaboration with the Working Group Interventional Ultrasound of DEGUM the second EFSUMB EUROSON-School „Interventional Ultrasound“ will take place from 10 – 13 May 2012 in Berlin.

The intensive course is designed to provide the basis for sonographic intervention and mediation of interventional techniques that are performed using ultrasound as an imaging method.

Course organisers: Prof. Dieter Nürnberg (Neuruppin), Prof. Klaus Schlottmann (Unna) and all speakers would appreciate your participation.

For more information, visit www.efsumb.org

▶ International course in CEUS

University Hospital Basel, Switzerland
June 29–30, 2012

Course organisers: Dr. Daniel Weiss, Dr. Joachim Hohmann
Course secretary: Claudia Miescher miescherc@uhbs.ch
Registration fee EUR 250
For course details visit www.efsumb.org

▶ Microbubble ultrasound imaging course

25–26 June 2012
The Holyrood Hotel Edinburgh

This 2 day meeting will aim to present the most significant applications and advances in the various fields of clinical diagnostic and interventional use of Contrast Enhanced Ultrasound (CEUS) in the evaluation of various organs. CME points applied for.

For more information please contact Mr Behzad Mokri psycy1@hotmail.com
S. Orsola-Malpighi Hospital, Bologna, Italy
10–12 September 2012
Course organisers: Fabio Piscaglia, Carla Serra and Mirko D’Onofrio
Topics will include clinical issues in liver and gastro-intestinal diseases and comparative role of multiple imaging modalities. Practical teaching will be held in small groups (max. 4–5 participants per group).

The EFSUMB Course Book on Ultrasound, edited by Christoph F Dietrich, is now published.
Prof. Luigi Bolondi writes that that the book „fills the gap of learning material about the basic core of ultrasound [and] written by the greatest international experts is beautifully illustrated, but nonetheless extremely cheap“.
Order your copy at 60 € (plus P&P) via the EFSUMB website www.efsumb.org
