Table 2 accidentally reports data from another study. The correct table 2 reads as follows:

**Table 2** Demographic data of patients in the drug and the placebo arm of the study.

	<b>Drug</b>	<b>Placebo</b>
No of patients	N=148	N=150
Females	n=86	N=81
Age	48.71 (19 – 74)	48.25 (18 – 82)
Weight (kg)	69.86 (49 – 101)	70.37 (44 – 104)
BMI	24.51 (19.63 – 34.17)	24.57 (18.07 – 37.92)

No rescue medication incidences in both study arms, two cases of premature study termination because of adverse events, both in the drug arm.
