### The First Synthesis of 1,1-Dinitrocyclopropane

Ekaterina M. Budynina, Elena B. Averina, Olga A. Ivanova, Nikolai V. Yashin, Tamara S. Kuznetsova,\*  
Nikolai S. Zefirov *Synthesis* **2004**, 2609.

In the typical procedure given for the reaction of diazomethane with trinitromethane, the sentence ‘Then the mixture was concentrated to give 1.30 g of a yellow oil consisting of **1** and **2** in the ratio 7:3 (as shown by  $^1\text{H NMR}$ )’ should instead read ‘The described synthesis was run four times and the combined reaction mixtures were concentrated to give 1.30 g of a yellow oil consisting of **1** and **2** in the ratio of 7:3 (as shown by  $^1\text{H NMR}$ )’.

The authors apologize for this omission.
