

ERRATA

The P2 Receptors and Congenital Platelet Function Defects

Marco Cattaneo, M.D.

In the above-mentioned article, published in *Seminars in Thrombosis and Hemostasis* 2005; Volume 31, Number 2, pages 168–173, page 170, paragraph 1, line 3 should read:

P2Y₁₂ is the target of efficacious antithrombotic agents like ticlopidine and clopidogrel,^{2,32} which are already used in clinical practice, and the AR-C compounds,³³ one of which is currently under evaluation in clinical trials.
