

Erratum

We regret the printer's error in Int. J. Sports Med. 15 (1994) on page 426, contribution by D. W. Morgan and J. T. Daniels entitled "**Relationship Between $\dot{V}O_{2\max}$ and the Aerobic Demand of Running in Elite Distance Runners**". The pointers to the Olympic Trials should of course refer to 1984 and not 1994 as erroneously printed.

IOC Olympic Prize – Prix Olympique du C.I.O.

In order to recognize the evolution of scientific research related to human movement, the International Olympic Committee, under the sponsorship of Parke-Davis, has created a prestigious prize – the **IOC Olympic Prize**. This Prize will be awarded for findings resulting from outstanding research in the field of science applied to human movement, physical exercise, and sport. The Prize may be awarded in the following fields:

- biological sciences
- medical sciences
- physical sciences
- psychological sciences

The IOC Olympic Prize will be awarded every two years in connection with the Olympic Summer and Winter Games and consists of:

- a medal
- a diploma and
- \$ 250,000.00 (U.S.)

The initial IOC Olympic Prize will be awarded at the Games of the XXVI Olympiad in Atlanta in 1996.
