
Erratum

On page 285 of *Pharmacopsychiatry* No.6/1988 there has been a misprint in the authors' by-lines. Please read **P. Baumann** instead of **W. Baumann**

In *Pharmacopsychiatry* No.6/1988, page 418, Figure 1 pertaining to the article "A Turning Point for Mood During Sleep Deprivation Therapy – Does it Exist?" by H.-H. Haug and C. Fähndrich, was inadvertently omitted.

For better appreciation of that article we are now reproducing this illustration as under. The error is regretted.

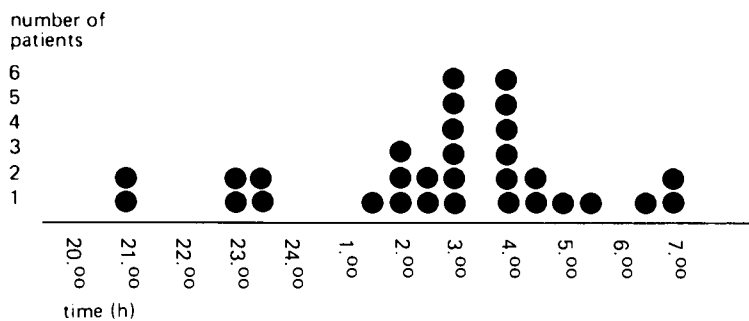

Fig. 1 Theme of lowest mood in the night of sleep deprivation according to patients own report.
