

Erratum

Berger, C. et al. in *Geburtsh. u. Frauenheilk. 41 (1981) 544–547*. In der englischen Zusammenfassung auf Seite 544, Heft 8/1981, muß der letzte Absatz wie folgt lauten:

A single dose of Cotrimoxazole proved to be significantly effective in preventing respectively treating nosocomial UTI's in these patients. With careful interpretation urinary sediment findings are a simple, inexpensive, noninvasive and effective screening procedure in the detection of uncomplicated UTI's.
