

JAAA CEU Program

Volume 29, Number 5 (May 2018)

Questions refer to Moore et al, “Referral and Diagnosis of Developmental Auditory Processing Disorder in a Large, United States Hospital-Based Audiology Service,” 364–377.

Learner Outcomes:

Readers of this article should be able to:

- Summarize the most common concerns reported by parents regarding their child’s listening difficulties, and the most common co-occurring learning difficulties experienced by these same children.
 - Based on the presented test findings, describe the reasons why a simple diagnosis of auditory processing disorder, based on current AAA/ASHA guidelines, is neither realistic nor appropriate.
1. Which of the following is not a common report of parents concerning their child’s listening difficulties?
 - a. difficulty hearing speech in challenging environments
 - b. impaired attention to sounds
 - c. inability to distinguish sounds in one ear from those in the other
 2. Most children with listening difficulties have a variety of other learning problems. What is the most commonly reported problem?
 - a. speech and language
 - b. autism spectrum disorders
 - c. dyscalculia
 3. What was the most common outcome from SCAN evaluation of children in this study who received a central auditory processing evaluation (CAPE)?
 - a. weakness
 - b. undiagnosed
 - c. disorder
 4. What proportion of pediatric visits to Cincinnati Children’s Audiology were CAPEs?
 - a. about 1%
 - b. about 5%
 - c. about 10%
 5. Which of the following statements about ‘right ear advantage’ (REA) for SCAN testing is true?
 - a. most children diagnosed with APD had an overall REA
 - b. most children diagnosed with APD had an overall left ear advantage (LEA)
 - c. most children diagnosed with APD had a weaker REA than undiagnosed children on dichotic listening tests
 6. Was evidence presented in this paper for large differences between individual audiologists in APD diagnostic practice?
 - a. no evidence presented
 - b. no
 - c. yes
 7. For dichotic digits performance, how did the REA change with age?
 - a. REA was stronger for younger children than for older children
 - b. REA was stronger for older children than for younger children
 - c. REA did not change with age
 8. What proportion of the 486 children who completed the Pitch Pattern Test scored 100%?
 - a. about 1/10
 - b. about 1/3
 - c. about 2/3
 9. How did the proportion of children receiving a CAPE change during the 5 years of the study?
 - a. increased
 - b. decreased
 - c. unchanged
 10. Which of the following statements is not part of current APD guidelines (AAA, 2010) about using electrophysiology?
 - a. There are no widely accepted criteria as to when ABRs should be included.
 - b. ABRs are widely accepted as a useful diagnostic tool for APD.
 - c. Even when abnormalities are noted, these results may be of limited use for the development of intervention plans.

JAAA CEU PROGRAM

WHO? All members of the Academy receive the CE Registry as a member benefit and are eligible to participate in the JAAA CEU Program.

WHAT? The JAAA CEU Program offers a minimum of 1.6 CEUs (16 continuing education hours) per volume year. Individuals can submit one or all JAAA CEU assessments for scoring and CEU credit. Each JAAA assessment is worth .2 CEUs.

WHERE? *eAudiology.org—Your CEU Source*

Participants can complete the assessments using the eAudiology.org online submission system, which provides automatic feedback (score, correct answers) and automatic recording to the member’s CE Registry record.

WHEN? Volume 29 (2018) assessments will be accepted through December 31, 2018. Volume 29 submissions will be accepted by e-mail or online at eAudiology.org. Submissions are credited in the calendar year they are submitted. You may enroll in the CEU program for 2018 (Volume 29) with a payment of \$95 for the year. This will enable you to earn up to 1.6 CEUs for 2018.

Volume 28 (2017) assessments will be accepted for a separate registration fee of \$95 until December 31, 2018. You can earn up to 1.6 CEUs with this registration! To register, visit eAudiology.org. Volume 28 (2017) assessments will only be accepted via the online program.

WHY? Because you want convenient and cost-effective CEUs!

HOW? To register online, go to www.eAudiology.org. Once you have registered, the JAAA CEU Program will be added to your dashboard, and you will be able to access the assessments from there. If submitting by mail, complete the following and send with your completed answer sheet to the address below.
